Tasmania Class 1 Heavy Vehicle Unladen Low Loader Dimension Exemption Notice 2016 (No. 1)

Purpose

The purpose of this notice is to exempt class 1 heavy vehicles that are unladen low loaders from the prescribed dimension requirement in sections 3(1) and 7(1) of Schedule 6 of the Heavy Vehicle (Mass, Dimension and Loading) National Regulation (the National Regulation).

Effect

This notice provides exemptions specific to Tasmania timber operations. Specifically, it allows a low loader to carry pilot vehicles, dollies and jinkers as though it were unladen.

This notice preserves these exemptions that were previously contained in the Vehicle and Traffic (Vehicle Operations) Notice 2013, and represents a status quo for vehicles operating under these exemptions.

Further Information

This notice was developed in close conjunction with the Tasmanian Department of State Growth (DSG). More information on this Notice may be found at the DSG website at:
