

Information Sheet

South Australia Class 3 Long Prime Mover Combination Exemption Notice 2018

Purpose

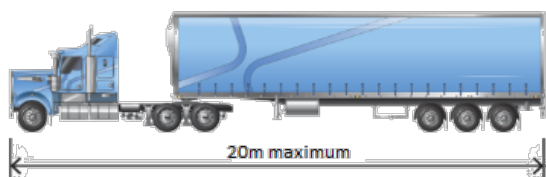

The purpose of this information sheet is to introduce a new notice titled *South Australia Class 3 Long Prime Mover Combination Exemption Notice 2018* (the Notice).

This notice allows prime movers which have been designed to haul road trains to tow single semi-trailer and still meet certain dimensions required for access on established networks.

What vehicles are covered?

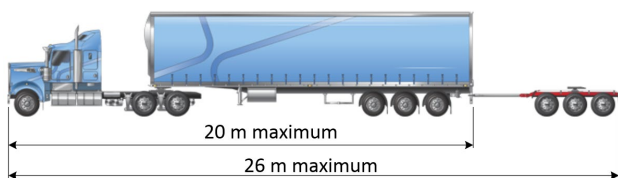

The new Notice allows the following combinations to operate in South Australia:

1. Prime mover and semitrailer combination

Dimension	Limit (m)
Length (L)	$19.0 \leq L < 20.0$
Height	4.3
Width	2.5

2. Prime mover, semitrailer and converter dolly combination.

Dimension	Limit (m)
Length (L)	$L < 26.0$
Height	4.3
Width	2.5

Please note: the converter dolly may have up to 3 axles.

Stated Network

An eligible **semi-trailer combination** operating under this notice may only access the following network(s):

- South Australia 26 metre B-double Network (GML & HML)
- 26.0m B-double Commodity Network (GML & HML)

An eligible **semi-trailer and converter dolly combination** operating under this notice may only access the following network:

- South Australia Road Train Converter Dolly Network (GML & HML)

Conditions

- The prime mover has a Registration configuration code for a three axle prime mover hauling two or three trailers
- The trailers comply otherwise with the relevant section of the MDL regulation.
